Dear Barbara,

I wish to thank you and your artists for your wonderful presentation of FoodPlay at the Nabnasset School in Westford in January. As the Enrichment Coordinator I bring in many artists each year and ask the teachers for written comments afterwards. I received the most responses back regarding FoodPlay then any other artist I've brought in over the last 4 years - and all of it positive! Below I have a sampling of quotes from the teachers of Nabnasset School.

Multiage K-1 teacher: "The messages about nutrition were clear and presented in a fun way."

First Grade Teacher "Great - went nicely with our nutrition work"

First Grade Teacher "My students really enjoyed the program."

First Grade Teacher "Bring them back. My children loved them
They are talking about good things to eat for snack."

Multi-age 1-2 Teacher "Fantastic - the subject and pace was just right for our level."

Second Grade Teacher "Rated all excellent! This was just what my class was ready for. We have been reading ingredients on juice boxes for weeks (and snacks (sodium)) Children have discovered it frequently says 100% Vit C but the fine print says 10% juice. When I remind them your parents paid 90% for colored water, and sugar it came as quite a shock! Good reminder of good nutrition."

Second Grade Teacher "Fantastic! Really made kids and adults think about the food choices we make every day!"

Second Grade Teacher "Very energetic presentation. Presented a rather dull topic to children in a fascinating way! They were very engaged."

Once again, thank you very much for providing such an engaging, informative and entertaining program!

Sincerely,

Ellen Michaud Martins
