ToBe Fit - The Juggling Nutrition Magician Show is coming to town VIRTUALLY to help our kids take charge of growing up healthy, happy, and fit! This enchanting live-stream performance features amazing feats of juggling, music, magic, and audience participation to make good eating and active living – GREAT FUN!

Combating the national epidemic of poor eating habits and sedentary living, **ToBe Fit** and **DJ Kale** come to the rescue to help kids learn how to juggle the foods they eat to wind up with a balanced diet. Kids discover how to see through media messages and “Read It Before They Eat It!” so they’re not surprised by what’s inside. They’ll learn the difference between GO Foods and WHOA Foods, how to cut down on sugar and sweetened drinks, and be motivated to choose healthy fresh fruits and veggies instead of processed packaged junk food products. The show inspires children to have fun being active every day and make food choices that are good for their health and the health of the planet!

ToBe Fit, The Juggling Nutrition Magician Show features a 45 minute fun-filled, interactive performance, an exciting Question/Answer period where students get to ask ToBe Fit and nutritionist Barbara Storper, MS, RD, their burning questions about food, nutrition and play. And, schools receive a Follow-Up Resource Kit filled with printable activity sheets, lesson plans, and handouts to extend the nutrition learning throughout the year.
